**NOTICE OF PIPE REPLACEMENT PROJECT
ON KINGS VALLEY ROAD**

Dear Resident:

This letter is to inform you of the upcoming drainage improvement project in your area to be managed by the Montgomery County Department of Transportation (MCDOT). The culvert replacement will require a short term closure of Kings Valley Road at the creek just south of Kingstead Road.

The work will be performed under contract by D & F Construction, and will include: Excavation of the existing failing pipe, and replacing it with a new Reinforced Concrete Pipe (RCP) to restore proper drainage. The county right-of-way in front of your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the storm drain repairs and during construction activities.

The culvert replacement is scheduled to start on or about July 7, 2014, and will require approximately ten (10) to fifteen (15) days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m., Monday through Friday. Variable message signs will be placed at the closure points along Kings Valley Road. Daily, the message signs will supply you with closure information as well as reopening information as the project proceeds. **Please follow the detour signs for alternative routes.** We apologize for any inconvenience this project may cause and appreciate your patience during this important construction activity. If you should have any questions or comments feel free to contact:

DOT Project Manager: Mr. Yisa Adegun 240-777-7641

Should you have any further questions or concerns after the work is completed, you may wish to contact the MC311 Call Center at <http://www3.montgomerycountymd.gov/311/>

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Randy Paugh
Chief of Pavement Management
